

Dear Student!

I am Žofia, a housing assistant at Hostivař's dormitory. Here you can find some practical information about your stay at Hostivař's dormitory.

If you have some questions about reservations, rehos system, or payment, please contact the accommodation office of the dormitory. Unfortunately, I am not able to help you with this kind of problem.

If you have some technical problem in your room, for example your light bulb doesn't work, you can use the QR code that is in your room. Somebody will come and take care of your problem.

Hostivař is in the quiet part of Prague. It's true that the city center is quite far from the dormitory, but on the other hand, you can find a really nice park nearby our dormitory. Also, there are some grocery stores. I like Albert or LIDL. If you want to buy something else, you can easily reach the Vivo Hostivař shopping center by bus or tram.

Dormitory is located near the tram stop, bus stop and train stop. You can be in the center within 15 minutes by train. If you have "lítačka", the public transport is really cheap. Even in the area of Prague, you can go by train without other commissions.

At the dormitory, each room has a bed, table, chair, wardrobe, cover and pillow. You can lend the bed sheets. If you want to change your bed sheets, you should go to the "changing room". Opening hours are written on the paper that you can find on the doors. It's changing quite often a few times a year. You can get there by following the arrows.

Each floor has small kitchen with electric plate. Unfortunately, in the kitchen there is no microwave or electric kettle but you can find them next to the reception.

A quiet regime is required between 10 pm and 6 am.

Smoking is allowed only outside, not in your room or washroom.

If you want to use a washing machine, drying room, vacuum cleaner or iron, you can borrow it from the reception. There is a price list as well. Remember that it's for everybody so please return it as soon as possible.

If you want to have a party, you can use the room next to the reception. If you want to study, you can go to the study rooms in building 10. You need to borrow keys from the reception.

If you have any questions, you can contact me by mail koleje.hostivar@gmail.com or on Whatsapp +420770141723

Enjoy your stay in Prague!
