## **Warning/Notice**

On several occasions we've noticed that payment method REVOLUT is not such an easygoing payment method. Therefore we would like to ask you, to avoid, to pay your dormitory payments by REVOLUT. Please use any other payment methods! The best way is to use an officially licenced bank, which operates under the country law and is under a supervision of State National Bank.

If you are forced to use REVOLUT, please make sure, that you provide us all necessary information to recognize your payment. Do not forget to provide us with these information:

- Name and surname of arriving student.
- Variable symbol or day of birth.
- Any additional information will help us to recognize and personalize your payment.

Information how you may pay your dormitory fees find [here](#) !

Thank you for understanding.
