# Standard price list in the dormitories, effective as of 1.7. 2023

## The students price for your accommodation

What is your monthly accommodation fee and how much should you pay?

Due to accommodation rules, the accommodation rate is set as a daily rate. That means your total accommodation fee will vary each month depending on the number of days in a month.

i.e.: the January accommodation fee will be calculated as 31 days x daily accommodation price or the February 28 days.

Price varies due to the length of your signed contract. We have an accommodation rate for a mid-long stay of up to 300 days and a long-term stay of more than 301 days.

Price list of standard accommodation rate effective from 1st of July 2023 - dormitory fee you may find [here](#)
